Further violations will result in substantial time penalties.

DECISION

Several Cat 3 racers went off course, missing the turn into Ft. Bayard. Rule 1N4 requires racers to be responsible for knowing the course, so there is no remedy available within the rules. As such, the times and finish order will remain as published.

Stage 3

Please wear one number in the center of the back as well as the bike number for the Time Trial.

Start Times will be posted on the motorhome near the Start Line. Riders will start in reverse GC order within each category. Riders should report to the Start Line ten minutes before their Start Time. Juniors should report earlier to give time for rollout.

Riders finishing the Time Trial must stay to the far right of the traffic barrels.

Please use caution when warming up for the Time Trial, as the roads are open to traffic.

There is no sign in for the Time Trial

Riders are warned to use caution at Mile 5.1 due to heavy traffic entering from the side.
