#### DECISION OF THE COMMISSAIRES PANEL

### Communiqué No. 5 (Corrected)

AFTER Stage 4, Silver City Criterium

#### GENERAL ANNOUNCEMENTS:

- Time Cut:** The published time limit would cut more than 25% of the field. The Commissaires in consultation with the race organization have decided that the time cut of 6:23 for Stage 4 will not be enforced.
  - Riders given a second chance by Commissaires panel will have all points awarded in the general classifications of the various secondary classifications withdrawn.
  - The following riders were reinstated: 12, 23, 31, 34, 52, 61, 62, 65, 74, 83, 84, and 85.
- Rider #12 was erroneously inserted into the field at 14 laps to go. #12 should have been inserted off the back of the field with rider #83 who was about 1:15 off the back and pulled at 13 laps to go. Therefore #12 is deemed ineligible for any of the following points sprints and will be given the time of #83 with whom she would have finished.
